

Richmond Fire Department Knox Box Ordering Information

Questions? 815-678-3672

The Richmond Fire Department (RFD) utilizes the Knox Box Rapid Access System to allow fire department personnel, in an emergency, to quickly enter a building without having to force entry. A Knox Box provides for non-destructive emergency access to commercial and residential properties.

The Knox Box is a small, wall-mounted exterior safe that holds the keys provided by the Building or Property Owner for the building. Only the RFD holds the master key to all Fire Department Knox Boxes in the Richmond Township Fire Protection District. The Knox Box Master Key is stored in a key retention device called a Sentralok and is only released upon entering the proper code and during an emergency requiring non-destructive entry into the building.

Purchasing a Knox Box is completed online directly from the Knox Company in Phoenix, Arizona. Follow the procedure below to purchase a Knox Box.

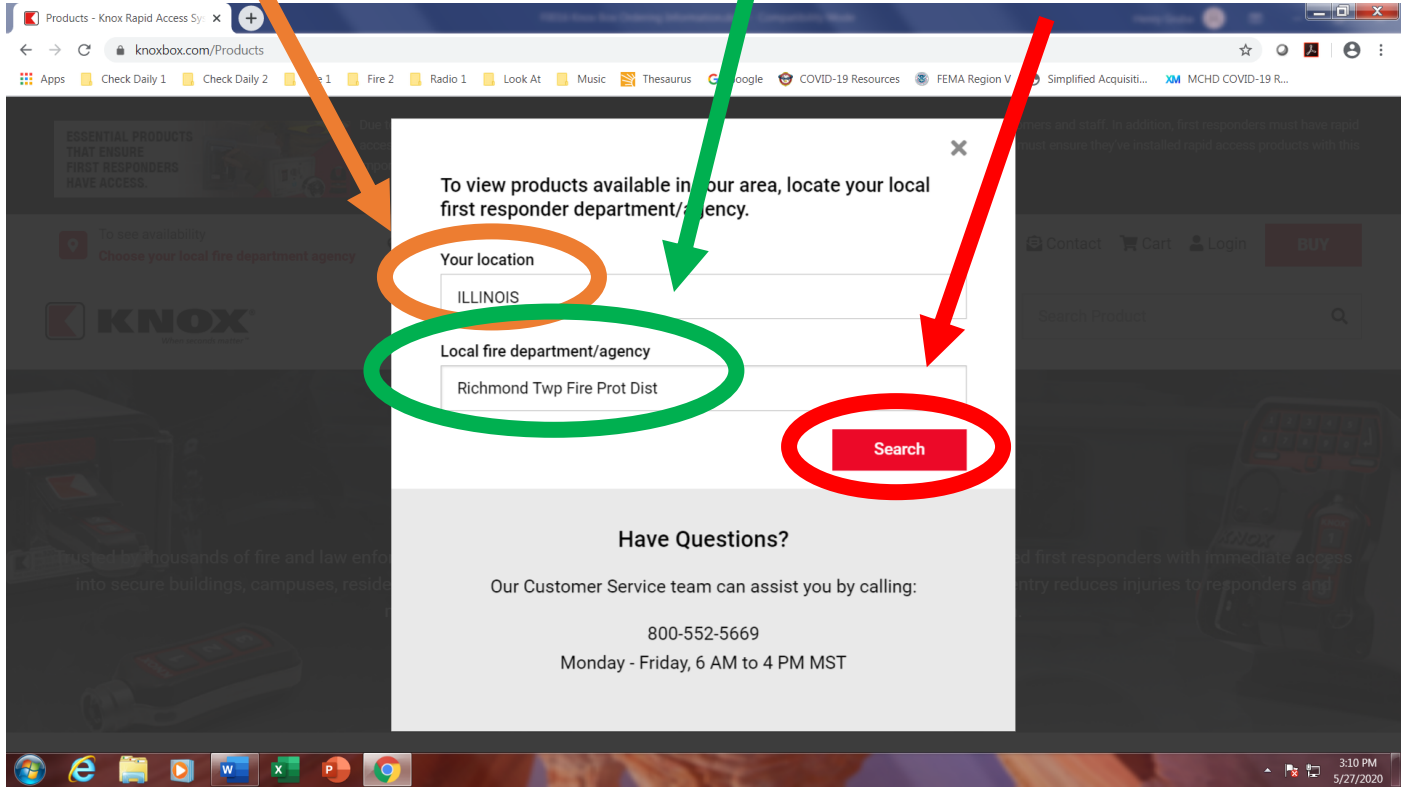

1 – Go to the Knox Company website: www.knoxbox.com

Click the **red** Buy button

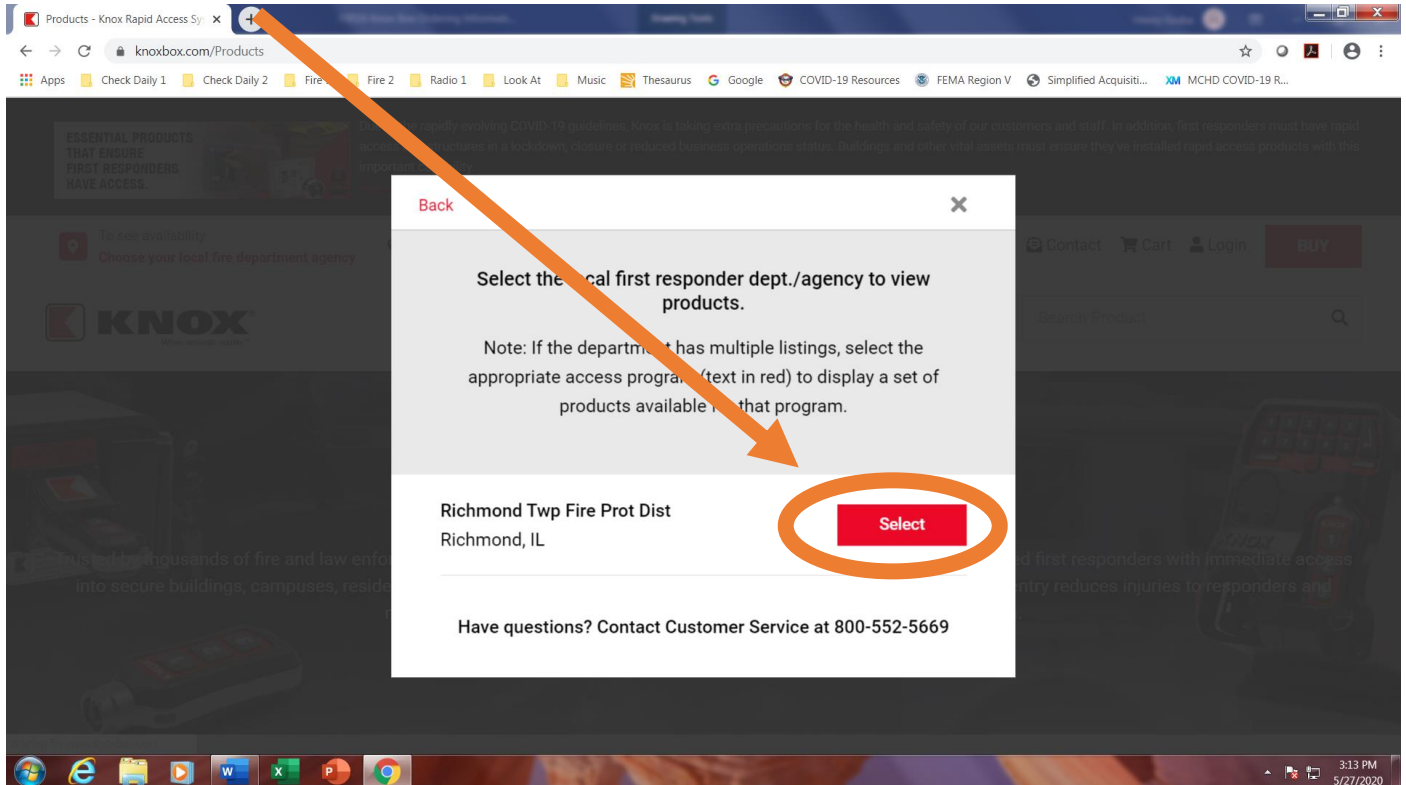

The screenshot shows the Knox Company website interface. At the top, there are navigation links: 'LEARN HOW TO BUY', 'SUPPORTED BROWERS', 'Contact', and 'login'. A prominent red 'BUY' button is circled in orange, with an orange arrow pointing to it from the text 'Click the red Buy button'. Below the navigation is the Knox logo and a search bar. The main banner features the text 'ESSENTIAL PRODUCTS THAT ENSURE FIRST RESPONDERS HAVE ACCESS' and a message about safety precautions. At the bottom of the banner, it says 'For ordering support, call 800-552-5669 or e-mail us'. Below the banner is the heading 'Knox® Rapid Access System Powered by One Master Key' and a paragraph of text about the company's history and services.

2 – Select **Illinois**, then type **Richmond Twp Fire Prot Dist**

Click the **red Search** button

3 – Click the **red Select** button

4 – Scroll down, click on Commercial Knox Boxes
